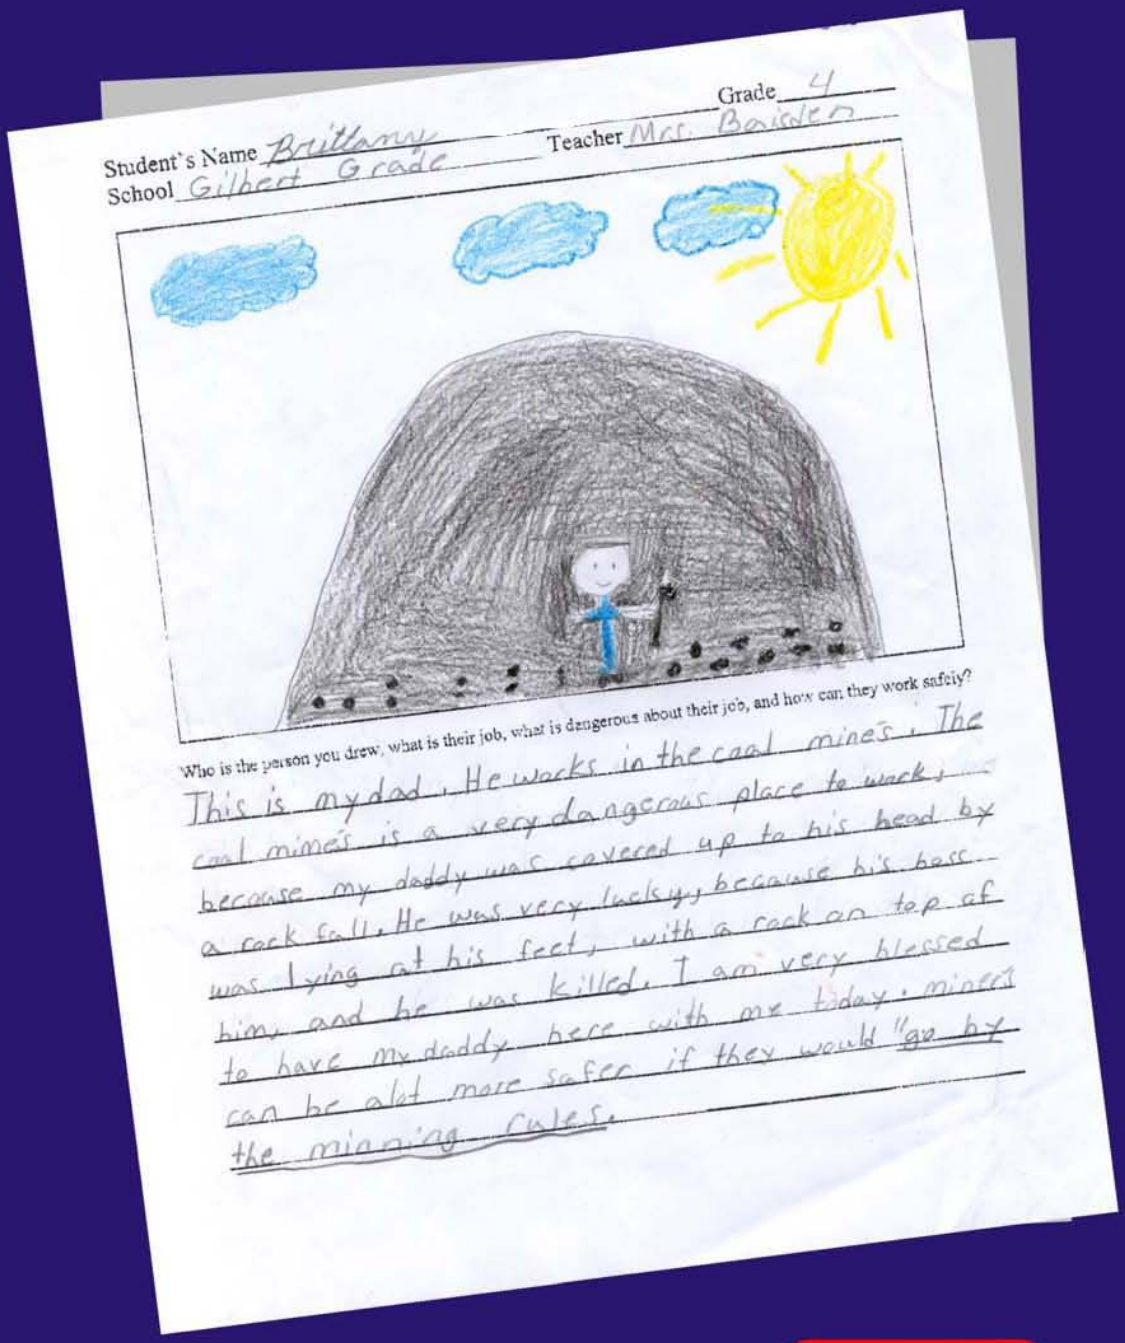
BE SAFE FOR YOUR FAMILY



Student's Name Brittany Grade 4
School Gilbert Grade Teacher Mrs. Boisden

Who is the person you drew, what is their job, what is dangerous about their job, and how can they work safely?

This is my dad. He works in the coal mines. The coal mines is a very dangerous place to work, because my daddy was covered up to his head by a rock fall. He was very lucky, because his boss was lying at his feet, with a rock on top of him and he was killed. I am very blessed to have my daddy here with me today. miners can be alot more safer if they would "go by the mining rules.

ALWAYS FOLLOW THE RULES!
