

2004 SUMMER PROP INITIATIVE

TO ASSURE YOU ENJOY ANOTHER BEAUTIFUL DAY, ALWAYS EXAMINE AND CORRECT HAZARDOUS ROOF/RIB CONDITIONS

- A visual examination of the roof, face, and ribs should be made immediately before any work is started in an area and thereafter as conditions warrant.
- Loose rib and loose roof should be taken down or adequately supported.
- Never work or travel under unsupported roof.

MSHA

*Helping you to work
more safely in the
mining industry.*

REMEMBER

*Safety and
Health are
Values!*
